The village of Blizikuce is located above the peninsula of Sveti Stefan - the most comfortable place in Montenegro, as if lost among the sea and rocks. The village is built up with luxury villas, here you can enjoy a fantastic view of the entire Budva Riviera. The cost per m² of living space in this area starts from 2500 euros. A huge advantage of these land plots is that they are located in close proximity to the road. This is a unique offer for building your dream home! At the same time, the new owner of the land is entitled to compensation from the state after the process of expropriation, which must take place without fail after the construction of the road.
