The idea of this project comes from a deep understanding of your desires and ideas about comfort. It is a place where design and nature strike a perfect balance, inviting you to live in harmony.

Bang Tao, an area rich in history and culture, is home to this complex. Did you know that Bang Tao used to be a haven for fishermen and their families? Today it is a sophisticated area of Phuket that blends history with modernity. A few minutes from the complex you will find the best restaurants, boutiques and, of course, the azure waters of the beach.

In the project you will find 38 villas, each of which is unique:

The first two phases are 7 ready to move in villas reflecting the local cultural tradition in a contemporary style. In the third and fourth phases, 31 villas are promised on a plot of 16,000 m². In them, architecture and natural light create an atmosphere of boundless freedom and comfort.

Create your own history in Phuket at this brand new development. Every day here you will discover something special. We are waiting for you to explore all the delights of life in this unique place together. Contact us for details and choose your dream villa.
