The new complex is under construction and will be completed in 2024. It consists of 3 buildings. This maisonette consists of 3 levels, basement, ground floor and first floor. On the basement floor there is a room and a bathroom. On the ground floor there is a kitchen-living room overlooking the garden and a bathroom. Therefore, in total there are 3 bedrooms and 3 bathrooms. Finally, on the first floor there are two more rooms and a bathroom. One parking space, solar water heater, pre-installation for heating and pre-installation for security cameras are available. Also, a cooling system and an alarm in full operation are delivered. The properties are only 5 minutes (380m.) from the sea. Their architecture will be a modern style based on earthy colors and natural materials. Finally, it is worth mentioning that minor changes may occur in the floor plans of the residential designs for the benefit of their comfort.
